

Ultra II™

3/4 HP CHAIN DRIVE GARAGE DOOR OPENER

When You Need Maximum Performance

Designed to handle even the heaviest residential doors, the Raynor Ultra II combines a 3/4 hp motor with a rugged I-beam rail and chassis support for added strength and reliable operation. A dual-drive sprocket allows the opener's speed to be adjusted to optimize door and opener performance. The Ultra II comes with a lifetime motor warranty and 5 year warranty for parts.

MyQ®

MyQ technology enables you to securely monitor and control your garage door opener with your smartphone, tablet or computer. Alerts can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door. The Internet Gateway is required to make your Ultra II MyQ ready. MyQ mobile app is a free download requiring no annual activation fee.

Maximum Power

3/4 HP motor with chain drive is built to provide maximum power to lift the heaviest doors, including carriage house and solid doors.

Security+ 2.0™

Security+2.0 safeguards your household, with every click a new code is sent to the garage door opener so that the door opens only for you. PosiLock® locks down your door by electronically monitoring against a forced opening.

Premium Series

Safety, Security and Performance

Alert-2-Close

Warning system provides audible and visual warnings when the garage door is about to close when using MyQ technology or Timer-to-Close.

Timer-to-Close

Remembers to close your garage door when you forget. With timer-to-close your door automatically closes after a pre-programmed number of minutes.

I-Beam Rail System

I-beam rail system and reinforced chassis with chain drive provides maximum support.

Energy Efficient

Operation consumes up to 75% less power in standby mode.

Standard Accessories

Smart Control Panel® (880 RGD)

The Smart Control Panel makes it easy for you to program remote controls and MyQ devices as well as adjust settings with intuitive menu-driven format and LCD display.

3-Button Remote Control (893 RGX)

This powerful multi-door control can operate 3 garage doors, gates or MyQ-enabled lighting accessories. Plus, multi-frequency Security+ 2.0™ technology virtually eliminates interference. The Ultra II comes standard with 1 remote. Additional remotes are available.

Protector System® Photo Eyes

Project an invisible beam across the door opening. If any object breaks the light beam while closing, the door will stop and reverse direction to full open position.

Optional Accessories

Internet Gateway MyQ (828 LG)

Required to connect your MyQ-enabled garage door opener and accessories to the Internet. Internet Gateway MyQ allows you to monitor and operate your garage door opener or gate operator, or turn on or off lights in or around your home, from anywhere in the world by using your smart-phone or computer. It utilizes a two-way communication system that puts freedom and control in your hands.

Max Keyless Entry (877 MGX)

Opens and closes your door when you enter a 4-digit code. Enter a temporary code that allows guests and service people temporary access with a specific number of activations for a chosen length of time.

3-Button Mini Remote Control (890 RGX)

This powerful multi-door control can operate 3 garage doors, gates or MyQ-enabled lighting accessories. Plus, multi-frequency Security+ 2.0™ technology virtually eliminates interference.

HomeLink® Compatible (855 LM)

The in-vehicle universal remote control. The HomeLink System may require the HomeLink Repeater Kit on some vehicle makes and models. Please contact Raynor Customer Service for details.

Visit your Raynor Dealer for additional options and accessories.
